 Distributed by:

A unique & versatile scrubbing machine developed for Retirement & Long Term Care environments

Pro Scrub 2.1 is designed with the user in mind, **simple to handle** and **economical**. The extremely low weight 2.3 kilos (4.9 lbs.) and practical design makes it ideal for cleaning in areas where manual methods presently are used.

Pro Scrub 2.1 has an ergonomically designed handle with many features such as adjustable and variable shaft length and angle. The heavy duty battery lasts up to 2-2.5 hours. The brushes are designed for hard to reach corners and niches. Pro Scrub 2.1 has a snap on attachment grip for the scrubber head, for easy replacement.

Pro Scrub 2.1 is based on a modular construction, including a scrubber head, 1.7 liter tank with electric pump (optional) adjustable handle and power package.
